INTRODUCTION

Background

On April 10, 1984, legislation was enacted that allowed parents to provide educational opportunities for their children outside of approved or accredited public or non-public schools (State Statute Section 79-1601). Parents, through a parent representative, were allowed to file for exempt status based on sincerely held religious beliefs. The Nebraska Department of Education (NDE) was given the responsibility for establishing rules and regulations governing procedures and standards for parents filing for an exemption. Rule 13 was developed in response to the statutory directive and became effective on August 22, 1984, and subsequently revised twice, with a current effective date of May 3, 2010.

In March 1999, a revision was made to the original State Statute. This revision gave parents or legal guardians the option to exempt their schools because the requirements for approval and accreditation required by law: 1) violate sincerely held religious beliefs, or 2) interfere with the decisions of the parents or legal guardians in directing their child's education. The Department then implemented a new rule (in addition to Rule 13) entitled Rule 12: "Regulations and Procedures for Exempting Schools for Which Parents Elect Not To Meet Legal Requirements for State Approval and Accreditation for Other Than Religious Reasons," with an effective date of August 4, 1999, and subsequently revised twice, with a current effective date of May 3, 2010.

Families that choose to be exempt from approval and accreditation requirements or "home school," file under either Rule 12 (interferes with the decisions of the parents or legal guardians in directing their child's education) or Rule 13 (violates sincerely held religious beliefs) on an annual basis. These rules describe the procedure and forms that are to be used in the filing process for those seeking exempt status. It was from the forms submitted by those filing for exempt status for the 2011/12 school year that the data in this report was compiled.

Descriptors/Definitions

For the purpose of consistency, data collected by January of each school year is presented in this report. The following descriptors and their definitions are used in this report.

Exempt status defines those parents who file to exempt themselves from approval and accreditation regulations, and receive official notification from the Commissioner of Education acknowledging their election to do so.

Exempt schools is the term used in Nebraska for “home schools.”

Exempt students refers to the children attending exempt schools.

A **family unit** is a single family comprised of legal parent(s) or guardian(s) and child(*ren*).

A **single family attendance center** refers to a site occupied by students belonging to one family having received exempt status.

A **multi family attendance center** refers to a site occupied by a group of children from two or more families having received exempt status.

General Information

Rules 12 and 13, the forms parents complete to file for exempt status, a listing of frequently asked questions about exempt schools, and other related information can be accessed from the Exempt School Program website at

<http://www.education.ne.gov/FOS/OrgServices/ExemptSchools/Index.html>

DATA REVIEWED

Students, Family Units, and Attendance Centers

Appendix A contains statistics for the 2011/12 school year regarding students, family units, attendance centers, and counties of residence. A historical summary for school years 1985/86 through 2011/12 can be found in Appendix B.

From 2010/11 to 2011/12 there was a 4.1 percent increase in the number of exempt school students from 6,540 to 6,809. Of the total 6,809 students, 92.1 percent attend a single family attendance center and 7.9 percent attend a multi family attendance center. There was a 4.7 percent increase in the number of family units from 3,144 in 2010/11 to 3,293 in 2011/12.

Of the total 3,293 families filing for exempt status, 923 (or 28 percent) filed under Rule 12 and 2,370 (or 72 percent) filed under Rule 13. See Appendix A for additional information.

Students and Family Units by County

For the 2011/12 school year, exempt students resided in all but two of the ninety-three Nebraska counties. The counties with no exempt students were Hooker and McPherson.

The 10 counties with the greatest number of exempt students in 2011/12 were as follows:

1) Douglas	1,594
2) Lancaster	990
3) Sarpy	784
4) Cass	178
5) Lincoln	177
6) Buffalo	151
7) Platte	142
8) Seward	134
9) Scotts Bluff	128
10) Washington	122

Douglas, Lancaster, and Sarpy Counties accounted for 49 percent of the State's total number of exempt children.

Appendix C lists statistical information on families and students, by county, for the 2011/12 school year. The information includes families and children who are in single family and multi family attendance centers, and are exempt under Rule 12 or Rule 13.

Exempt School Students Compared to Total Census

Effective July 16, 2004, the compulsory school attendance age (Section 79-201, R.R.S.) is as follows:

- Prior to July 1, 2005, a child is of mandatory attendance age if the child (i) has reached 7 years of age, (ii) did not reach 16 years of age prior to July 16, 2004, and (iii) has not reached 18 years of age; and
- On and after July 1, 2005, a child is of mandatory attendance age if the child (i) will reach 6 years of age prior to January 1 of the then-current school year, (ii) did not reach 16 years of age prior to July 16, 2004, and (iii) has not reached 18 years of age.

Prior to the July 16, 2004 change in law, compulsory school attendance law was age 7 up to age 16.

Appendix D shows the percentage of exempt school students to the total census count for school years 1985/86 through 2011/12. For school years 1985/86 through 2003/04, the total of exempt students each year was divided by the total census count within age 7 through age 15 range to derive a percentage figure; for school year 2004/05, the total of exempt students was divided by the total census count within age 7 through age 16 range to derive a percentage figure; and for school years 2005/06 through 2011/12, the total of exempt students was divided by the total census count within age 6 through age 17 range to derive a percentage figure. The percent of students attending exempt schools compared to the total census count of Nebraska children for 2011/12 was 2.25 percent.

Students by Age

The numbers of exempt students, by age, are listed below. The compulsory school attendance law (Section 79-201 R.R.S.) states that a child is of mandatory attendance age if the child will reach 6 years of age prior to January 1 of the then-current school year, and has not reached 18 years of age.

Age	Number of Exempt Students
5	177
6	588
7	657
8	636
9	637
10	602
11	621
12	595
13	596
14	492
15	431
16	415
17	362
Total	6,809

New and Renewal Filings for Exempt Status

The data in Appendix E shows that of the 3,293 family units filing for exempt status, 611 (or 19 percent) were filing for the first year in 2011/12, and 2,682 (or 81 percent) were renewing their exempt status from the previous school year.

See Appendix E for additional data.

Discontinuing Enrollment at the Exempt School

For a child who is of mandatory attendance age, attendance at the exempt school may be discontinued in the following two cases:

- If the child has reached the age of 16 and is below age 18 and the parents or guardians wish to discontinue the enrollment of the child, the parents or guardians shall file a "Parent or Guardian Form to Discontinue Enrollment at Exempt School" (Form C) with the Commissioner of Education (Section 010.01 of Rule 12 and Rule 13).
- If the child is below age 18 and has completed the program of instruction offered by the exempt school, the parents or guardians shall sign a separate "Parent or Guardian Form to Report Completion of Program" (Form D) with the Commissioner of Education (Section 010.02 of Rule 12 and Rule 13).

Listed below are the numbers of students whose enrollment was discontinued under one of the above-listed scenarios during the 2011/12 school year:

Reason For Discontinuing Enrollment at the Exempt School	Number of Students Impacted
The child has reached the age of 16 and is below age 18 and the parents or guardians discontinued the enrollment of the child (Form C).	5
The child is below age 18 and has completed the program of instruction offered by the exempt school (Form D).	40
